

Period from 01/01/2003 to 21/04/2005

Type of Alert Analysis

The following charts indicate the types of alerts that are being broadcast on the given network.
The **Warning** and **Help** alerts have been separated into two charts to illustrate the elements for both types.

Types of Alerts

Period from 01/01/2003 to 21/04/2005

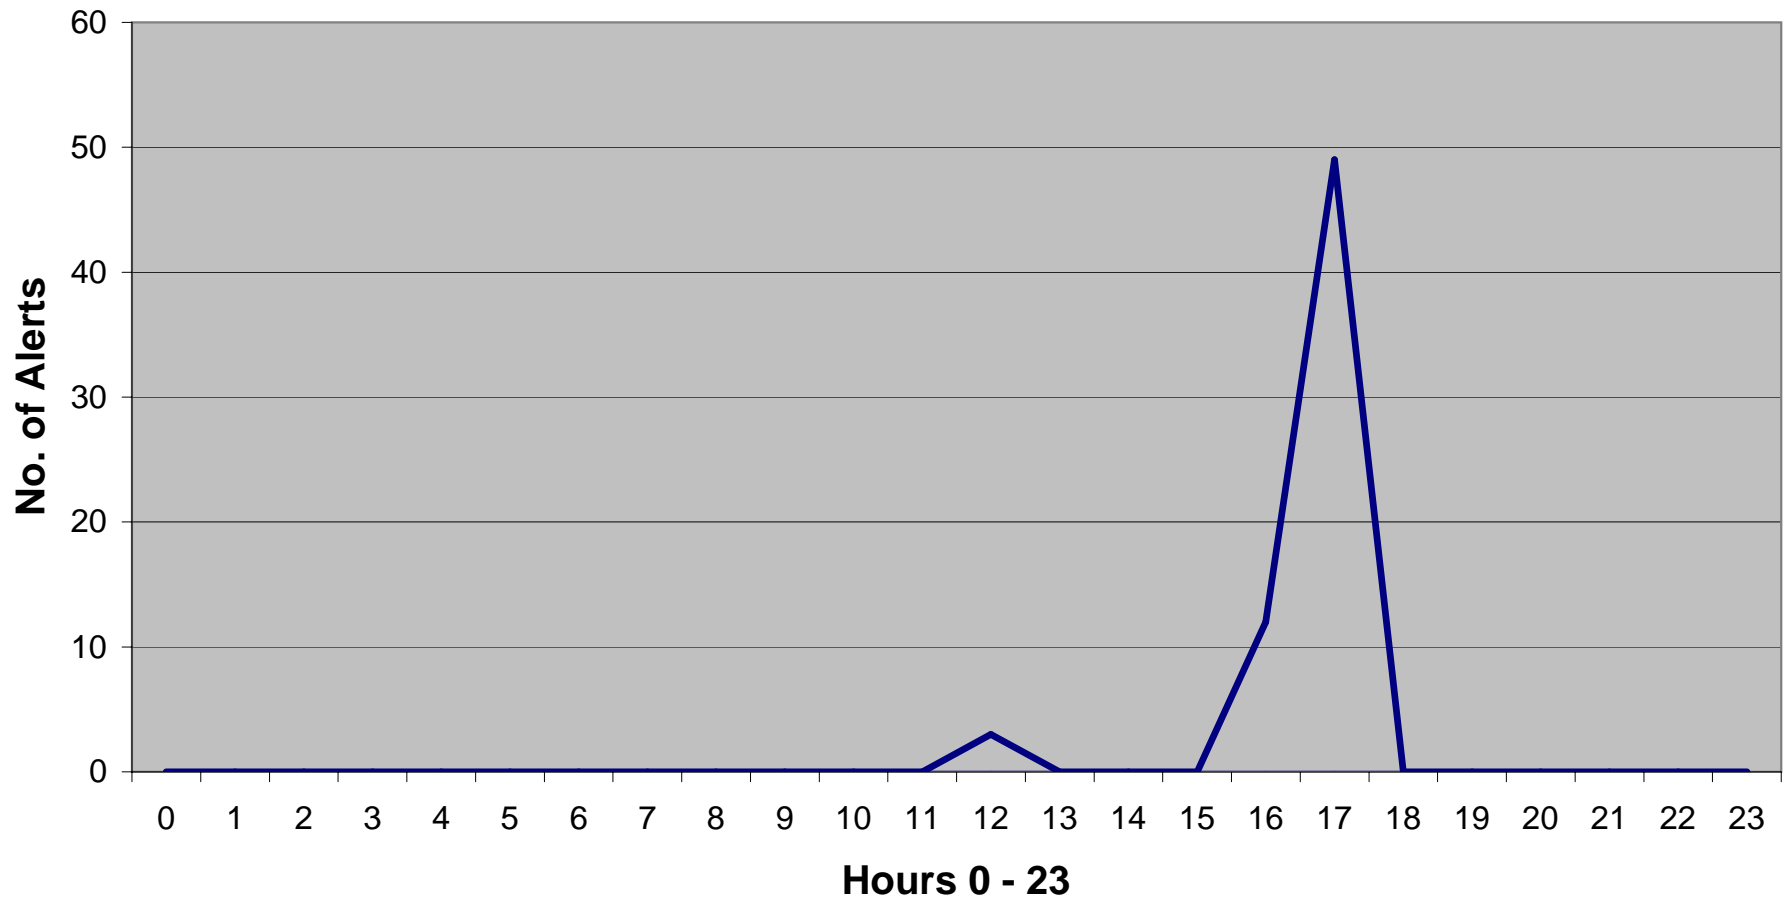

Timing Analysis

The following graph illustrates the distribution frequency of alerts over a 24 hour period: this will assist with identifying daily trends of 'events'.

Identifying peaks in activity will assist in diagnosing problem times of the day.

Daily Alert Frequency

Timing Analysis

Your Town Regeneration Team
AlertBox network analysis on 01/04/2005

Period from 01/01/2005 to 31/03/2005

The alerts that have been recorded in the event log are listed below in order of frequency.

Hotspot Analysis

The list indicates the locations that broadcast the most alerts and assist with identifying 'hotspot' areas.

Number	Frequency	Location	Alert Defined	Barcode	Type of Alert
1	3	-- Sams Taxis --	Warning	000-000-004	Warning Message
2	2	-- Global Travel --	Gang	000-000-003	Warning Message
