

Testimonials

from Enfield Business & Retailers Association and its members

In the autumn of 2004, Enfield Business & Retailers Association (EBRA) began the deployment of an AlertBox network for 230 of its members. The objectives are to reduce crime and revitalise the concept of BusinessWatch.

Customer: EBRA Ltd

"This project is a wonderful opportunity for traders to join together with a view to forming a united front against crime and anti-social behaviour. The AlertBox Business Communicator has already made a difference in peoples' lives in our project area and should increase traders' confidence in their local town centres. Any initiative that brings the community together should be welcomed, and in combining our Safer Town Centres Project together with the AlertBox System we aim to prove that we can all make safer town centres a reality."

Members of the network

"AlertBox has already been invaluable in an emergency; my staff got immediate response from my neighbours when a customer passed out. It has generated community awareness and I am now more aware of my neighbours. We find AlertBox simple to use and I am glad I've got one. We would highly recommend it."
